SUMMARY

Highly motivated and detail-oriented tech enthusiast with a strong foundation in Java and Data Structures & Algorithms (DSA). Proficient in web development technologies like HTML, CSS, JavaScript, and frameworks like React. Skilled in designing and developing responsive web applications and passionate about writing efficient, scalable code. Seeking a challenging role that leverages my skills in web development and software development to deliver innovative solutions

EXPERIENCE

Web Developer intern

Nov '24 — Dec '24

CodSoft

- Gained hands-on experience in designing and developing web applications using HTML, CSS, JavaScript, and frameworks like React or Angular.
- Collaborated with the team to deliver projects, enhancing problem-solving and communication skills.
- Applied theoretical knowledge in a real-world setting, developing innovative web solutions.
- Successfully completed 3 projects, improving coding skills and attention to detail.

Web Design/Developer intern

May '25 — Jun '25

TechnoHacks

- Completed a comprehensive internship program in web development, gaining expertise in HTML, CSS, JavaScript, and modern frameworks.
- Designed and developed responsive web applications, enhancing UI/UX skills and attention to detail.
- Collaborated with the team on real-world projects, improving problem-solving, communication, and version control skills (Git).
- Successfully delivered 2 projects, applying theoretical knowledge to practical problems.
